

8th May 2010

Press Release

Team MUROYA 31

Rio de Janeiro qualification report and results

Red Bull Air race World Championship 2010

Japanese Pilot Yoshihide Muroya qualified 13th today at the Rio de Janeiro round of the 2010 Red Bull Air Race World Championship. Hannes Arch took the bonus qualifying point with Nigel Lamb 2nd and Paul Bonhomme in 3rd.

After 2 clean rounds it is evident that Muroya's plane is not performing as powerfully as the others and although admitting to be able to close up a second or two through better lines through the course, a thorough check of the engine settings is in progress to find out where the difference in engine performance could be.

Team Muroya will now compete in the Wild Card round going into the final day of racing and is looking forward to the opportunity to advance into the top 12 and then subsequent rounds.

Final will be live streamed on <http://www.redbullairrace.com/> 9/May 24:51 Japan time.

Please keep an eye on Yoshi's Performance on high speed track at Rio de Janeiro.
